OUR MISSION

It is the Mission of the Youth Angels Foundation to Assist Young People in Achieving their Life Goals By Providing them a Financial Helping Hand to Pursue Higher Education.

The Youth Angels Foundation is a component fund of the Arizona Community Foundation, a 501(c)(3) nonprofit organization. Tax ID# 86-0348306.

ABOUT US AND OUR CAUSE

The “Us” in the title above are six and a half couples, friends and neighbors who all believe in education. Education has been important in all of our lives, in our past, and it will definitely be in all of our futures.

As a small board, we work hard to find disadvantaged, young adults who want to change their life path and who would love the opportunity to show that they want to do better and can do better.

Our Cause is education - Our Mission is to support only Educational Programs. We support youth who want to go to trade schools, community colleges or to a four-year university. One of the few ways to accomplish this is through the **Youth Angels Foundation**. We will give a second chance to those who show us they are serious.

The Youth Angels Foundation operates under the Umbrella of the Arizona Community Foundation, a 501(c)(3) approved organization. This relationship has given us the opportunity to spread our wings and reach out to many non-profit organizations, including the US Military, to identify appropriate applicants. We now have scholars from the military, the YMCA, the Hemophilia Association as well as communities throughout Arizona.

Our partnership with the military gives us, our sponsors and donors, another way to say “THANK YOU” for serving and keeping us safe.

Our ability to change the lives of these young people would not be possible without the generous support of our sponsors, donors, Desert Mountain members and staff and the **Youth Angels Foundation Boards**, past and present.

“Education is the most powerful tool which you can use to change the world”
